MRSA & COVID-19**

**Transform Your Pass Thru Window**

**From This**

**To This**

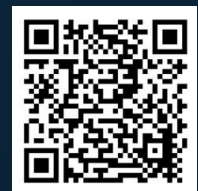

- Custom Built
- Green Technology
- No Harsh Chemicals
- Safe UVC Disinfection
- Installation Available
- 1-Minute Load
- Reproducible Results
- Reliable Medical Usage since 2009

## **Why further disinfect hand-washed items?**

Hand-washed items are still dirty.

A study published in a peer-reviewed journal, AAMI/Horizons, "The average cfu's of Bioburden was reduced from 36.6 cfu's to .3 cfu's after 1 minute of UVC."

# Hospital Safety SOLUTIONS

## How do YOU disinfect "high touch" items?

**UVC DISINFECTS in just 60 seconds - 99.999% effective**

- Cell Phones
- Tablets/PDA's
- Laptops
- Badges
- Masks
- Eyewear
- Glasses
- Loops
- B.P. Cuffs
- Stethoscopes

At 254 nm, UVC light breaks the molecular bonds inside microbial DNA, thereby inactivating them.

### Standard Countertop Unit

- Easily fits three open 15" laptops
- Removable shelves for larger items
- Height: 36", Width: 23", Depth: 29"
- Weight 125 lb.
